WELCOME TO BUCKAROOS!

Dear Buckaroos Tool Customers,

Welcome to the 2018 Buckaroos Tool Catalog! Since our first catalog in 1995, we have strived to bring you the very best quality, selection, and most innovative tools for the mechanical insulation and HVAC trades. Those priorities combined with our passion for superior customer service has made us fortunate to be your #1 source of tools.

This catalog features over 25 new products. In fact, the following products are all Buckaroos innovations:

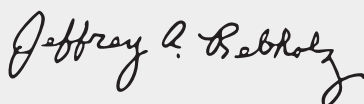

- Buckaroos Tool Display (pg. 3)
- Red Aluminum Pipe Caliper (pg. 24)
- White Plastic Pipe Caliper (pg. 24)
- Buckaroos Digaroo™ (pg. 24)
- Buckaroos Cinch (pg. 8)
- Dial-A-Miter (pg. 24)

Buckaroos is pleased to introduce with this catalog edition a new, colorful, “Buckaroos Tool Center” wall display as shown below. The 32” height by 16” width and two metal shelves provide the perfect amount of space to promote top selling tools with limited available space.

Additionally, our patented Roundup Plus™ Saddles and CoolDry™ Insulated Saddles for chilled water and cold piping systems have created unique value that can help our distributor network stand out from the competition.

We truly appreciate your continued support for Buckaroos Tools and hope this catalog contributes additional value to your business and dollars to your bottom line.

Sincerely,

Jeffrey A. Rebholz
President

TOOL CENTER INCLUDES:

- T-13G Buckaroos® Aluminum Pipe Caliper
- T-1B Buckaroos® 1 pt. Metal Adhesive Gun
- T-1C Black Brush Tip for Metal Adhesive Gun
- T-1P Buckaroos® Gray 5 oz. PVC Glue Gun
- T-36A1 Scalloped 6” Utility Knife
- T-36B1 Scalloped 8” Utility Knife
- T-36HB Dexter® #1376-HB 6” Flexible Ham Boning Knife
- T-36LL SofGrip Scalloped 9” All-Purpose Knife
- T-45B Channellock® 8” End Cut Nippers
- T-4H Economy Pusher Bar Tensioner
- T-56DG Buckaroos® Insulation Depth Gauge
- T-62C Accusharp® Knife Sharpener
- T-63K Clauss® 8” High Leverage Sure Set Shears
- T-68AA Buckaroos® Red G-26 Outward Clinch Tacker
- T-68V4 Buckaroos® STCR 2619-1/2” Staples-Pocket Packs
- T-6A White Chinese Bristle Wood Brush-1”
- T-6C White Chinese Bristle Wood Brush-2”
- T-76B General® 12” Flat Leg Wing Divider
- T-76E Malco® Model #24 Rad Divider

Tool Center components include: 36 x 16 White Pegboard, Standard Hooks - 14, Medium Hooks - 6, 1 x 1 “C” Bracket, 6” Deep Blue Shelf, 9” Deep Blue Shelf, Buckaroos Tool Center Banner.

BUNGEE CORDS

- Holds insulation in place prior to jacketing
- Ideal for work with flanges

- T-12A** Bungee Cord - 5/16" x 500' Roll
- T-12C** Bungee Cord - 1/2" x 100' Roll
- T-12L** Bungee Cord - 3/8" x 300' Roll

BUNGEE CINCH & CORDS

- Perfect as a metal jacketing tie down on both pipe and tank applications
- Adjust length and tension of the bungee cord in a matter of seconds
- The Buckaroos Bungee Cinch can be ordered individually or with pre-cut bungee cord lengths
- For use with 3/8" Bungee Cord only

- T-12FRP** Buckaroos® Bungee Cinch (Only)
- T-12FRP-4** Buckaroos® Bungee Cinch with 4' Bungee Cord
- T-12FRP-6** Buckaroos® Bungee Cinch with 6' Bungee Cord
- T-12FRP-8** Buckaroos® Bungee Cinch with 8' Bungee Cord
- T-12FRP-10** Buckaroos® Bungee Cinch with 10' Bungee Cord

POLY WEB 1" STRAPPING

- Red polypropylene strapping for use as a temporary tie down on tank and pipe metal and PVC jacketing
- Strapping and buckles can be purchased separately or in pre-cut lengths

- T-12S-2** Poly Web Strapping with Buckles - 2' Long
- T-12S-4** Poly Web Strapping with Buckles - 4' Long
- T-12S-6** Poly Web Strapping with Buckles - 6' Long
- T-12S-8** Poly Web Strapping with Buckles - 8' Long
- T-12S-10** Poly Web Strapping with Buckles - 10' Long
- T-12T** Side Release Buckles for 1" Poly Web Strap

Gardner Bully **COMBINATION CRIMPER & BEADER MACHINE**

Part # T-20H

Mfg. ID T-20H

- Performs both beading and crimping operations sequentially with one setup - both 1/4 inch and 1/8 inch bead sizes are available
- The two sizes are field interchangeable with the purchase of additional tooling
- Reference scales and markable surfaces for the bead edge guides - the crimp depth adjustment assists the operator in repeating setups
- Each unit is set up and marked at the factory for rolling an edge bead using .016 thick aluminum
- Machine specifications available upon request

BUCKAROOS, Inc. INSULATOR'S HANDBOOK

Part # T-24A

Mfg. ID T-24A

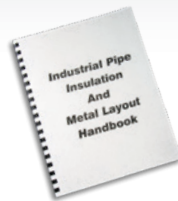

Also known as the "Insulator's Bible", this handbook is the standard instructional aid for professional insulators across North America. Detailed layouts and best practices are provided by the late Daniel Middaugh, who spent many years on the Alaskan Pipeline.

BUCKAROOS, Inc. TAPE DISPENSER

Part # T-43B

Mfg. ID T-43B

- Can be used under or over the ladder rung and stays secure when moving positions
- Ideal for 2 Mil Foil, FSK, and ASJ insulation tapes
- Available for 3", 4", and 5" wide insulation tapes
- Fast and easy to do a new roll change-out with wing nuts
- Lightweight at 1.5 pounds each
- Fabricated from durable 14 gauge steel

Part #	Product Name	Product Description
T-13A	Pipe Caliper	<ul style="list-style-type: none"> • For measuring iron pipe and copper tubing • For pipe sizes from 1/4" to 12" • Sturdy construction-nickel plated steel, corrosion resistant
T-13G	Buckaroos® Aluminum Pipe Caliper	<ul style="list-style-type: none"> • Easily identify pipe size in IPS, CTS, and CPVC measurements up to a 16" Iron Pipe Size O.D. • Includes a handy IPS to CTS conversion chart and extends to a 14" ruler • Rugged and long lasting
T-13H	Buckaroos® PVC Pipe Caliper	<ul style="list-style-type: none"> • Easily identify pipe size in IPS, CTS, and CPVC measurements up to a 16" Iron Pipe Size O.D. • Includes a handy IPS to CTS conversion chart and extends to a 14" ruler • Lightweight and flexible
T-14A	Buckaroos® 10.3 oz. Caulk Gun	<ul style="list-style-type: none"> • Economy ratchet rod caulk gun used for light consistency caulks and sealants
T-14C	Buckaroos® 10.3 oz. Skeleton Caulk Gun	<ul style="list-style-type: none"> • Smooth rod parallel framed caulk gun with tip cutter, seal punch, and ladder hook
T-56DM	Buckaroos® Dial-A-Miter	<ul style="list-style-type: none"> • Easily helps you make both Short and Long Radius Elbows • Dial in the pipe size and you see the throat and heel measurements, angle of cut, and number of miters required for each • From 1" iron pipe size to 30" iron pipe sizes • 19 iron pipe sizes on each side • Pocket size (3 1/2" diameter) and easy to carry • Made of a durable high gloss plastic film lamination • Used by trainers, insulators, and educators • Easy to read numbers and letters
T-56GR	Layout Gore Rule	<ul style="list-style-type: none"> • This layout tool makes it easy to remember how to layout a 16 point gore • Step by step instructions included with each rule • This 6" x 6" square also has a protractor for laying out tee patterns • Made of 16 gauge steel, laser etched with a rust resistant black oxide finish
T-56TM	Tee Master Layout Rule	<ul style="list-style-type: none"> • Lay out regular equal tee templates for 1" to 12" pipe in seconds • Made of durable ABS thermal plastic. Will not rust or corrode • Only 7" x 11" and 1/16" thick makes it light weight and easy to carry • The Tee Master has a 1" to 6" scale graduated in 1/8" increments • Comes with complete instructions
T-56Z	Stanley® Leverlock 1" x 30' Tape	<ul style="list-style-type: none"> • Power return tape rule with automatic bottom lock for easy operation • Special Tru-Zero hook allows use of nail as pivot to draw circles and arcs
T-59B	Digaroo™ Fabrication Tool	<ul style="list-style-type: none"> • Simple cutting tool used to fabricate light density foam insulations, like polyisocyanurate, phenolic foam, bead board, and Styrofoam™ • Digs in deep for a nice clean look • Ergonomic 5" long soft red handle • Sharp 1/2" wide and 1" long stainless steel blades • Lightweight design • Ideal for lightweight foams • Ideal for refrigeration jobs • Can be used to cut out for heat tracing
T-60D	Crescent® 3 7/8" Scratch Awl	<ul style="list-style-type: none"> • 3 7/8" Long Steel Shaft • Wood Handle
T-60F	Malco® Large Grip 3 1/2" Scratch Awl	<ul style="list-style-type: none"> • Use to scribe lines on metal, plastic and a variety of other material • Pierce holes in wood, plastic, or leather; even light gauge metal • Perfect for splitting saddles
T-62A	Tapered File Stone	<ul style="list-style-type: none"> • Excellent abrasive surface • 14" in length • Durable red colored wood handle

Mfg. ID AVM7EV

Part #	Product Name	Product Description
T-65GG	Malco® Max 2000 Offset Snips - Green Handle	<ul style="list-style-type: none"> Serrated upper jaw offers solid gripping power with less burring A full 1 1/4" cutting length and a cutting plane offset from handles makes trim cuts both accessible and efficient Cutting Capacity 18 gauge galvanized steel and 20 gauge stainless steel
T-65HH	Malco® Max 2000 Offset Snips - Red Handle	<ul style="list-style-type: none"> Serrated upper jaw offers solid gripping power with less burring A full 1 1/4" cutting length and a cutting plane offset from handles makes trim cuts both accessible and efficient Cutting Capacity 18 gauge galvanized steel and 20 gauge stainless steel
T-65-M6	Malco® Mini Offset Aviation Snip - Red	<ul style="list-style-type: none"> Easily goes to work in tight or awkward spaces where full-size aviation snips are challenged. Overall Length 7 1/8" A 3/4 inch (19 mm) length of cut provides the optimum speed for confined cutting applications where this small, maneuverable snip excels The Malco Mini Aviation Snips offset design provides superior material flow in 24-gauge (0.61 mm) cold rolled and (0.71 mm) galvanized steel for making sharp square cuts, tight 5 inch (125 mm) diameter circles and straight line cuts, even on curved surfaces
T-65-M7	Malco® Mini Offset Aviation Snip - Green	
T-65-PC	Klenk® Pipe Cutter Slot or Double Cut	<ul style="list-style-type: none"> Cuts round, oval and black pipe downspout Maximum opening jaws provide better bite Made of the finest hardened steel

FEMALE SHIPLAP TOOLS

- T-130** Mfg. ID 2101 **Female Shiplap Tool for 2" Ductboard**
- T-138** Mfg. ID 1086 **Female Shiplap Tool for 1 1/2" Ductboard**
- T-145** Mfg. ID 1101 **Female Shiplap Tool for 1" Ductboard**

Female Shiplap Tool cuts female slip joint, also cuts seating edge of duct board at longitudinal closure corner. Tool color: Black

RIGHT MODIFIED SHIPLAP TOOLS

- T-132** Mfg. ID 2104 **Right Modified Shiplap Tool for 2" Ductboard**
- T-139** Mfg. ID 1412 **Right Modified Shiplap Tool for 1 1/2" Ductboard**
- T-146** Mfg. ID 1402 **Right Modified Shiplap Tool for 1" Ductboard**

Modified Shiplap Tool removes insulation for shiplap corner folds. Tool color: Orange

LEFT MODIFIED SHIPLAP TOOLS

- T-133** Mfg. ID 2105 **Left Modified Shiplap Tool for 2" Ductboard**
- T-140** Mfg. ID 1413 **Left Modified Shiplap Tool for 1 1/2" Ductboard**
- T-147** Mfg. ID 1403 **Left Modified Shiplap Tool for 1" Ductboard**

Modified Shiplap Tool removes insulation for shiplap corner folds. Tool color: Orange

MALE SHIPLAP TOOLS

- T-134** Mfg. ID 2103 **Male Shiplap Tool for 2" Ductboard**
- T-141** Mfg. ID 1106 **Male Shiplap Tool for 1 1/2" Ductboard**
- T-148** Mfg. ID 1103 **Male Shiplap Tool for 1" Ductboard**

Male Shiplap Tool cuts male slip joints which mates with female slip joints to connect two duct sections. Tool color: Yellow

RIGHT/LEFT MODIFIED SHIPLAP TOOLS

- T-135** Mfg. ID 2106 **Right/Left Modified Shiplap Tool for 2" Ductboard**
- T-142** Mfg. ID 1415 **Right/Left Modified Shiplap Tool for 1 1/2" Ductboard**
- T-149** Mfg. ID 1400 **Right/Left Modified Shiplap Tool for 1" Ductboard**

Modified Shiplap Tool removes insulation for shiplap corner folds. Reversing the tool allows for both left and right hand shiplaps to be cut. Tool color: Orange

END CUT-OFF TOOL (4 IN 1 CUT)

- T-136** Mfg. ID 2102 **End Cut-Off Tool for 2" Ductboard**
- T-143** Mfg. ID 1087 **End Cut-Off Tool for 1 1/2" Ductboard**
- T-153** Mfg. ID 1102 **End Cut-Off Tool for 1" Ductboard**

End Cut-Off Tool cuts shiplap on end of board for longitudinal corner closure, plus staple flap. Tool color: Blue

MITER CUT OR 90° VEE GROOVE TOOL

- T-137** Mfg. ID 2100 **Miter Cut or 90° Vee Groove Tool for 2" Ductboard**
- T-144** Mfg. ID 1084 **Miter Cut or 90° Vee Groove Tool for 1 1/2" Ductboard**
- T-154** Mfg. ID 1100 **Miter Cut or 90° Vee Groove Tool for 1" Ductboard**

Vee Groove Tool cuts 90° Vee Grooves for corner folds when modified shiplap grooving methods are not used. Tool color: Red

BUCKAROOS, Inc. RED G-26 OUTWARD CLINCH TACKER

Part # T-68AA

Mfg. ID G-26 RED

- Designed for pipe and duct insulation
- Designed to shoot STCR 2619 type fine wire staples to a 1/2" leg length
- Outward clinch door is easily removable for front loading of staples or replacement

The G-26 uses the following Buckaroos® Brand Staples

T-68V-38	Buckaroos® STCR 2619-3/8" Staples; 5,000 per box
T-68V	Buckaroos® STCR 2619-1/2" Staples; 5,000 per box
T-68V4	Buckaroos® STCR 2619-1/2" Staples; 1 box contains 4 boxes of 1,250
T-68V-SS	Buckaroos® STCR 2619-1/2" Stainless Steel Staples; 5,000 per box

BUCKAROOS® RED & BLACK G-26 OUTWARD CLINCH TACKERS

T-68AA / T-68-BL26

Mfg. ID G-26
