Subject: 2026 Pricing Adjustment for Alkegen Fire Protection Products

Dear Valued Customer,

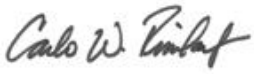
I hope you are well. I'm reaching out to share an important update regarding the pricing of Alkegen Fire Protection products.

Effective on all shipments after January 31, 2026, Alkegen will implement a 5% price increase across our fire protection portfolio. This adjustment follows a thorough review of cost drivers affecting our business, including continued increases in raw materials, energy, logistics, and overall operational expenses.

These changes ensure we can maintain the product performance, reliability, and service levels you expect from Alkegen.

We sincerely appreciate your business and the trust you place in our team. Thank you for your understanding and continued partnership. We look forward to supporting your fire protection needs throughout 2026 and beyond.

Best regards,



Carlo W. Rinehart
Director Global Sales
