Subject: Price Adjustments Effective June 15, 2026

Dear Valued Customers and Partners,

Due to continued pressures in the aluminum market along rising freight costs, RPR Products, Inc. will increase prices effective June 15, 2026.

- **Aluminum products** (including roll goods, sheet goods, fabricated items, and accessories) - **10%–15% increase**
  (Corresponding discount percentages from published list pricing on fittings will be updated accordingly.)

- **Stainless Steel products** will not change at this time.

RPR Products reserves the right to review orders placed through June 15, 2026, and may limit quantities based on metal availability.

We remain committed to providing the quality products and service you expect, and we sincerely appreciate your continued partnership. Thank you for your understanding and continued support. Should you have any questions, please contact me, Craig Shirley, Jeff Velasco, Joey McCauley, or any member of our customer service team.

Sincerely,

Dale Kendrick
Sales Manager
RPR Products, Inc.
